

[Important] Notice of Fee Revision

May 29, 2026

Thank you very much for your continued patronage of &BIZ fitness.

Since the launch of &BIZ fitness, we have been committed to maintaining stable pricing while enhancing the quality of our services, including the expansion of studio programs, so that our members can use our facilities with peace of mind.

However, in recent years, we have faced rising personnel expenses, increasing operational costs such as linen-related expenses, as well as ongoing inflation and persistently high energy costs.

Under these circumstances, despite our efforts to maintain current pricing, it has become difficult to continue providing our services at the existing rates. We sincerely regret any inconvenience this may cause; however, to ensure the continued stable provision of our services, we have decided to revise our fees.

The new pricing will take effect on September 1, 2026. For members enrolled in monthly plans, the revised fees will be applied starting from the September billing cycle (for October usage).

Details of the fee revision can be found at the link below:

[Click here for details of the fee revision]

We sincerely apologize for any additional burden this may place on our customers and kindly ask for your understanding.

In addition, we are planning the following initiatives to further improve convenience. Further details will be announced once preparations are complete:

Main Improvements

- Simplification of check-in/out procedures and My Page operations through the introduction of a smartphone app
- Improved convenience through the introduction of online studio lesson reservations and payment
- Expanded usage opportunities on weekends and public holidays through collaboration with TIPNESS locations

We will continue striving to provide services with even greater convenience and customer satisfaction.

Thank you for your continued support of &BIZ fitness.
